

# “Shaping Our Future Together”

Rooted in our belief in the dignity and worth of each person,  
the Good Shepherd people of North America  
are united in our commitment as leaders in providing  
unparalleled services and advocacy for the most  
vulnerable and marginalized persons  
especially women and children.

Supported by contemplation and a growing sense of community,  
and boldly embracing our mission of reconciliation,  
we dare to be a catalyst for healing.
